

**Programme on
CREATING DEVELOPMENT ROADMAP FOR INDIA THROUGH
SUSTAINABLE DEVELOPMENT GOALS: VISION 2030**

October 29 - 31, 2018

THE PROGRAMME

The pattern of economic growth is gradually pushing the world towards a corner, from where the return might not be possible. The intergenerational equity is not being maintained due to this nature of growth, and this has economic, social, and ecological ramifications. In order to restore balance in the world, a new set of sustainable practices needed to be implemented. Thus, Sustainable Development Goals (SDGs) came into existence.

Sustainable development is the target of every nation around the world, and the policymakers are looking for solutions to implement the SDGs. As the individual goals of the 17 SDGs are linked with each other, it needs a holistic approach to implement the SDGs in any nation. Therefore, it is always hard to find out the beginning point. This beginning point should be designed in such a way, so that almost all of the SDGs can be covered in a single move. This might require the modeling of the sustainability framework with the economic, social, and ecological aspects.

So far, the implementation of the SDGs has not been very successful on a global scale. There are several reasons behind this. According to UNESCO and UNDP, proper dissemination of education has not been effective, rising inequality gives rise to social imbalance, thereby causing harm to sustainability, and improper financing of SDGs leads to the problem of mistargeting. Therefore, a systematic implementation of SDGs should take care of these challenges. Moreover, effective diffusion of learning from the entire implementation process is required.

This programme will allow the participants to understand the implementation process of SDG objectives, as well as how to diffuse the learning across the organization and nation, so that the best practices can be replicated. The participants will also understand the roadblocks in the way of implementation. These roadblocks are faced during two phases, i.e. (a) during the implementation phase of SDGs, and (b) during the replication phase of the SDGs. Therefore, while knowing the roadmap for implementation of SDGs and diffusion of the learning by nationwide replication, having knowledge about the possible roadblocks and the ways to handle them effectively, will make the participants to have an end-to-end perspective about the implementation of SDG objectives.

OBJECTIVES

- Understand different aspects of sustainable development goals
- Explain the economic environment for implementation of sustainable development goals
- Identify various roadblocks in the way of implementing sustainable development goals

Dr. Sutanuka Dev Roy

Programme Director

Dear Sir / Madam,

**Programme on
Creating Development Roadmap for India through
Sustainable Development Goals: Vision 2030
(October 29 - 31, 2018)**

Creating Development Roadmap for India through Sustainable Development Goals (SDGs) is a futuristic programme focused at understanding the SDGs, their inter-linkages, the optimum starting point of implementation, the roadblocks in the way of implementation and how to overcome those obstacles, and effective diffusion of learning from the entire implementation process.

ASCI's 3-day programme on Creating Development Roadmap for India through Sustainable Development Goals: Vision 2030 provides knowledge, perspectives and insights on creating value by understanding the implementation process of SDG objectives, as well as how to diffuse the learning across the organization and nation, so that the best practices can be replicated. By means of examples, case studies, and discussion in groups, this programme will make the participants to have an end-to-end perspective about the implementation of SDG objectives.

This programme will equip participants to recognize the opportunities and initiate and take forward Advanced Business Analysis initiatives for their organizations. The enclosed brochure provides details about the programme.

We invite you to nominate your executives/officers belonging to senior and middle management levels, managers handling cross functional teams, economists, and analysts.

Please do reach us for any further information/clarifications (e-mail: avik.sinha@asci.org.in; sdevroy@asci.org.in).

We thank you and look forward to hearing from you.

With regards,

Yours sincerely,

Sutanuka Dev Roy
